

HOOK HEATH FLOWER FARM

Seasonal, Scented & Naturally Grown

Farewell Flowers

We take great care to design tributes that are deeply personal, drawing inspiration from a loved one's favourite places, colours, flowers, or hobbies.

Our focus is on creating nature-inspired arrangements, with a special emphasis on sustainability.

All of our arrangements can be created with the option for flowers to be shared among family and friends after the service. While our brochure features some of our most popular designs, we are always happy to discuss any ideas you may have to create a truly personalised tribute to your loved one.

Garden Visits

Should you wish to include flowers from your loved one's garden, we can arrange for flowers and foliage to be gathered from there. Please note, an additional fee will apply to cover time and travel costs.

Sympathy & Funeral Arrangements

"From start to finish, we had a brilliant experience with Hook Heath Flower Farm.

Jade entirely captured the brief and the flowers looked utterly beautiful - a very fitting tribute to my exceptional Mum. The style was very natural and elegant, just like her! We would thoroughly recommend Hook Heath Flower Farm."
